Skeletal remains found on Johns Island

FOR IMMEDIATE RELEASE

Monday, Oct. 10, 2022

NORTH CHARLESTON, S.C. – Deputies from the Charleston County Sheriff's Office are investigating after skeletal remains were found Monday morning near the 3400 block of Patton Avenue on Johns Island.

A survey crew discovered the human remains in a wooded area near the road and reported it shortly after 11 a.m.

Investigators found items, including a tent, indicating that someone was living in the woods near the scene. The remains had likely been at the location for an extended period of time.

At this time, there is no evidence indicating whether foul play was involved. The case remains under investigation by detectives.

The Charleston County Coroner's Office would provide any identity information when available.
